

Auburn Hardwoods
311 Nevada
Auburn , Ca
530-885-8877

This is a large a facility that carries normal hardwoods and a small supply of exotics. They carry different thicknesses of lumber. They also carry some sundries such as saw blades, router bits and wood filler. They have a pretty extensive selection of moldings.

Price comparison: Cherry \$5.15 B/F FAS

Mastercraft Hardwood Lumber Co.
1460 Linda Way
Sparks, Nevada
775 356 1772

This store has the best selection of moldings, edge banding and exotics. They have a large showroom and warehouse you can browse. Their supply of sundries is larger than the rest of the stores I visited plus they also have some books. If you are looking for something special and don't want to wait for a special order, this may be the place to go.

Price comparison : Cherry \$6.25 B/F

Nevada County Hardwood
310 Railroad Ave., Ste 400
Grass Valley, Va.
530 273 3318

This is a new store in the area and has most of the selection you may need but the quantities they have are limited. This changes frequently. The prices are good but you need to be aware of the grade. They carry a lot of common grade lumber and a lot of shop grade sheet good. If you can use the lesser grade material, this would be a good place to go. For an example, they have shop grade cherry plywood for \$49.00 compared to the A1 grade at other stores that sell for over \$100.00. They have some moldings. They will order almost anything you may want. There may be a shipping charge but they will try to avoid it if they can. I expect their inventory will be increasing over time.

Price comparison: Cherry \$2.25 B/F #1 common
